Transit Cooperative Research Program (TCRP) Updates –**

TCRP J-11 on public transit data sharing is complete and will be published early this year.

TCRP G-18 on access and management of transit ITS data will be kicking off early this year – I will be the PI with IBI Group and Foursquare ITP also on the team.

For TCRP G-18 we hope to have lots of engagement and input from interested stakeholders who should feel free to contact me directly.
